WOMEN'S SUFFRAGE IN MINNESOTA

Suffragists revived the movement by employing new tactics, such as suffrage parades and rallies that brought the suffrage issue into prominent national view and utilized new and existing forms of technology to serve their cause.

The automobile enabled suffragists to disseminate information rapidly and to make personal visits to even the most remote areas. Signs on autos advertised "Votes for Women" daily. Suffragists captured the attention of the news as groups of women embarked on cross-country promotional auto tours. Women stunt pilots performed aerial shows; suffrage trains toured the country.

The Mississippi Valley Suffrage Association sponsored a suffrage barge that plied its way down the Mississippi River from Minnesota to St. Louis, Missouri, promoting suffrage in towns along the way. Photographs illustrated many of these events in various suffrage and other publications.
