

SECRETARY OF STATE

RECOUNT PLAN

November 23, 2010

Recount Scope

The votes cast at the November 2, 2010 State General Election for the office of Governor/Lt. Governor for Emmer/Meeks and Dayton/Prettner Solon in all the counties of Minnesota.

The votes cast at the November 2, 2010 State General Election for the office of State Representative District 15B for Banaian and Lewis in Benton, Sherburne and Stearns Counties.

The votes cast at the November 2, 2010 State General Election for the office of State Representative District 25B for Woodard and Bly in Rice and Scott Counties.

The votes cast at the November 2, 2010 State General Election for the office of State Representative District 27A for Murray and Brown in Freeborn and Mower Counties.

The recount is limited in scope to the determination of the number of votes validly cast for the candidates to be recounted. Only the ballots cast in the election and the summary statements certified by the election judges may be considered in the recount process. "Original ballots from which duplicates are to be or were made" envelopes are not to be opened and original ballots that have been duplicated are not to be reviewed during the recount proceedings.

State Recount Official

Gary Poser, Director of Elections, Office of the Minnesota Secretary of State is hereby designated State Recount Official.

Designated Recount Officials

The State Recount Official will designate Deputy Recount Officials to perform a recount of all ballots cast for Governor/Lt. Governor, and State Representative in Districts 15B, 25B and 27A. See the attached schedule for the individuals designated as Deputy Recount Officials and for the number of teams of Table Officials at each recount location.

Recount Schedule

Deputy Recount Officials are directed to commence recounting the ballots at 9 a.m. on Monday, November 29, 2010 pursuant to the authority of the Deputy Recount Officials as described in the Recount Procedures.

The Deputy Recount Official may alter the schedule if a recount location becomes unavailable, or if in the opinion of the Deputy Recount Official the change is necessary to permit the recount to proceed promptly and efficiently. The change must not unnecessarily delay the progress of the overall recount. If a change is necessary the following applies:

- a) A change to time or location must be clearly posted in the office of the Deputy Recount Official and at the originally scheduled location.
- b) The Deputy Recount Official must immediately notify the State Recount Official of the change.

Recount Process

The recount shall be open to the public.

The recount shall proceed according to *Minnesota Statutes* §204C.35 and *Minnesota Rules Chapter* 8235, and to the Recount Procedures attached to this Plan and adopted by the State Canvassing Board.

In jurisdictions with multiple recounts under this plan, ballots challenged in the first recount shall be returned to the ballots for the precinct in which the ballots were cast in order for the ballot to be counted in any subsequent recount. After the last recount in that jurisdiction, ballots challenged in any of the multiple races shall be sealed in envelopes noting each of the races in which the ballot is challenged.

Deputy Recount Officials will print and use the recount summary statement as provided by the State Recount Official. A template of the recount summary statement is attached to this Plan.

All county and local election officials are hereby directed to provide the sealed election materials, including voted ballots and precinct summary statements from the 2010 state general election to the Deputy Recount Official designated for that jurisdiction.

The Deputy Recount Officials shall forward the completed recount summary statement, the incident log, and all challenged ballots to the State Recount Official. The Deputy Recount Officials shall also report the number of challenges deemed by a Table Official to be frivolous to the State Recount Official by close of business Thursday, December 2nd. Such challenges shall also be secured and retained until such time as the State Canvassing Board requests them to be forwarded to the Secretary of State. These materials shall be sent in a secure manner as directed by the State Recount Official. The

State Recount Official shall secure the challenged ballots, compile the results and prepare the recount report for the State Canvassing Board.

Meeting of the State Canvassing Board

The State Canvassing Board will meet to resolve the disposition of the challenged ballots and to canvass the results of the recounts on December 8, 2010 in Room 10 of the State Office Building in Saint Paul, Minnesota at 9 AM.

The meeting will continue until the reports of the recounts authorized in this plan are completed and may recess from time to time.

Administrative Recount Procedures For the General Election, November 2, 2010

The Governor/Lt. Governor and State Representative recount is an administrative recount held pursuant to Minnesota Statutes, section 204C.35 and Minnesota Rules, section 8235.

1. Recount locations are open to the public and the media and there will be a public viewing area in each recount location. Candidates may have additional representatives in the public viewing area of the room. Cell phones and video cameras may be used in the public viewing area, as long as their use is not disruptive.
2. The State Recount Official will designate a Deputy Recount Official for each recount location throughout the state. The Deputy Recount Official may designate one or more Assistant Deputy Recount Officials to preside whenever he or she needs to leave the room. The Deputy Recount Official or a designated Assistant Deputy Recount Official must be in the room at all times while ballots are being counted. The Deputy Recount Official shall appoint as many Table Officials as he or she deems appropriate. Only the Deputy Recount Official, the Assistant Deputy Recount Official, and the appointed Table Officials may touch the ballots. The Deputy Recount Official shall determine and publicly announce the schedule for the recount, including the start and end times and all breaks within each day, and any changes in the schedule. The candidates' Lead Representatives may appeal to the Deputy Recount Official for modifications to the schedule.
3. All ballots properly cast on Election Day, and all accepted absentee ballots properly cast will be counted. The polling place ballots will be combined with the absentee ballots to be counted for each precinct, and all ballots for the precinct will be counted and reported together as one total.
4. All candidate representatives must present written credentials to the Deputy Recount Official and each candidate must designate one representative as his Lead Representative at each counting location.
5. Ballots, as defined in paragraph 3, will be sorted and counted by teams of at least two Table Officials, who shall be designated by the Deputy Recount Official. The sealed materials must be unsealed and resealed in public view. If not already sorted by precinct, absentee ballots will first be sorted by precinct. When a precinct is to be recounted, the polling place ballots will be counted and reported together as one total. An incident log shall be used to record any activity that the Table Officials believe should be recorded.
6. Each candidate may have one representative who is authorized to challenge ballots at each counting table.

7. One of the Table Officials will sort the ballots into three piles, based upon the principles of voter intent outlined in Minnesota Statutes, section 204C.22: one pile for Candidate A, one for Candidate B, and one for all other ballots (those for other candidates, undervotes, overvotes, or otherwise disqualified ballots). The Table Official must make it clear into which pile he or she is placing the ballot and allow both candidates' representatives to view the ballot. Candidate representatives are not allowed to touch or otherwise handle a ballot.
8. If during the sorting, a candidate's representative disagrees with the recount official's determination of for whom the ballot should be counted and whether there are any identifying marks on the ballot, he or she may challenge the decision of which of the three piles the Table Official has placed a ballot and must describe why the decision is being challenged. A challenge must be made in accordance with Minnesota Statutes, section 204C.22. Challenges may not be made for an entire precinct or group of ballots. Challenges may not be automatic or frivolous. A challenge is frivolous if it is based upon an alleged identifying mark other than a signature or an identification number written anywhere on the ballot or a name written on the ballot completely outside of the space for the name of a write-in candidate. The absence of election judge initials on a ballot cannot be the basis of a challenge. The Table Official will reexamine the ballot to determine into which pile it should be placed. If a challenge is made to a ballot that is deemed by a Table Official to be frivolous the ballot shall be labeled with the precinct, the name of the candidate making the challenge, the reason for the challenge, and that the challenge was deemed frivolous. These ballots shall be recorded on the recount summary statement as part of the pile in which the Table Official intended to place the ballot, and shall also be recorded in a separate report to the State Canvassing Board. These ballots shall be segregated and secured by the Deputy Recount Official for the precinct in a separate ballot envelope, and shall be forwarded if requested, to the secretary of state who will make 4 copies as provided for challenges. If either candidate's representative does not agree with the Table Officials' final determination and the challenge has not been found to be frivolous, the ballot will be placed in one of two new piles of challenged ballots. One pile of challenged ballots will be for all ballots challenged by Candidate A's representative; the second pile of challenged ballots will be for all ballots challenged by Candidate B's representative. Challenges may be withdrawn at any time.
9. When all ballots for the precinct have been sorted, each pile will then be counted by creating stacks of 25 ballots, which shall be cross-stacked into five distinct piles – one for Candidate A ballots, one for Candidate B ballots, one for all other non-challenged ballots, one for ballots challenged by the Candidate A Representative and one for ballots challenged by the Candidate B Representative. The Table Officials will each count one of the candidate's piles. One additional representative per candidate may observe the ballots when they have been sorted and are being counted. A candidate or their representative may immediately request to have a specific stack of 25 counted a second time, but not the entire pile. Vote counts for each candidate, all other ballots, ballots challenged by Candidate A's representative and ballots challenged by Candidate B's Representative will be announced and recorded.

10. After counting for the precinct is completed, the Deputy Recount Official or designated Assistant Deputy Recount Officials may review challenged ballots with the candidates or candidates' representatives. They may withdraw previously challenged ballots. If challenged ballots are withdrawn, they are added to the proper pile and the counts are adjusted as needed.
11. A label will be placed on white space on the back of the challenged ballot that will note the precinct, the candidate whose representative made the challenge, and the reason for the challenge. The challenge reason format is "Not {intent determined by sorter}, is {how challenger views intent}" (e.g. "Not Smith, is undervote", "Not Jones, identifying mark", "Not Smith, is Jones"). Each of the challenges will be given a sequential number (1, 2, 3, etc., not Smith 1, 2, 3 and Jones 1, 2, 3).
12. Vote totals will be noted on the recount summary statement. Challenged ballots are recorded in the Challenged by Candidate A column or the Challenged by Candidate B column. Challenged ballots are placed in a Challenged Ballots Envelope.
13. At the end of each day, the Deputy Recount Official or Assistant Deputy Recount Official will make four copies of the recount summary, recount incident logs, and both sides of each challenged ballot. One copy of each item will be retained by the Deputy Recount Official, one will be forwarded to the Office of the Secretary of State, and one copy will be provided to each Lead Representative for each candidate. If the Table Officials must leave the room to make the copies, they will be accompanied by each candidate's representative and the names of everyone who left the room with the ballots will be noted on the incident log.
14. After copies have been made, the Deputy Recount Official or Assistant Deputy Recount Official shall seal the original challenged ballots in one envelope, the Deputy Recount Official's copies in another envelope and the copies for the Office of the Secretary of State in a third envelope. At least two Table Officials will sign over the seal of all 3 envelopes.
15. Challenged ballots must be stored securely during breaks in the counting process, at night if the recount for the County or City has not finished, and after the counting is complete. The sorting, counting, and review of ballots for a precinct must be completed and all ballots must be securely stored before breaks for meals can be taken or counting is finished for the day.

Preparation for the next Canvassing Board Meeting on December 8th:

- 1 Challenged ballots will be presented to the Canvassing Board for resolution of the challenge on a county by county basis in an order to be determined by the State Recount Official. The order of counties will be made public by noon December 6th.

2. To facilitate the review of challenged ballots by the Board, the State Recount Official may open the challenged ballot envelopes to remove those challenged ballots which have been withdrawn by each of the two candidates or their representatives after the precincts were recounted but prior to the next Board meeting.

The State Recount Official will arrange for this process to occur in an appropriate room and at an appropriate time and shall inform the candidates and the public of the time and location so that they may observe if they so desire. The State Recount Official may designate any members of the staff of the Office of the Secretary of State to assist in this task. At least two staff members must be present at all times during this process.

The withdrawn challenged ballots shall be sealed into separately labeled envelopes for return to the jurisdiction from which they were received. The remaining challenged ballots shall be sealed into separately labeled envelopes and be kept secure for review by the board.

The State Recount Official shall report to the Board the allocation of votes resulting from the withdrawal of these challenges.

3. A candidate's representative may present the basis of the challenge to the Board. This presentation may be in written and/or oral form. The opposing candidate's representative may respond to the challenge and state why he or she believes the original determination of the Table Official should be upheld.

Minnesota Secretary of State
