REAL Solar, SBC was incorporated on 6/21/2019 as a Specific Benefit Corporation under Minnesota's Public Benefit Corporation Act. Pursuant to Section 304A.101 of the Act, REAL Solar's specific public benefit purpose as stated in its Articles of Incorporation is to make solar energy accessible to people and communities of all income levels.

With regard to the period covered, January 1, 2021 to December 31, 2021, Real Solar pursued the specific public benefit purpose stated in its Articles of Incorporation by fully installing and commissioning a total of 526 kW DC of solar energy for individuals and communities of various income levels.

Specifically, REAL Solar is proud to have commissioned a total of 4 MWs of solar since inception in 2014.

In the spring of 2021, REAL Solar completed construction and commissioning on a solar project that is benefiting five communities in the White Earth Nation reservation by providing a total of 200 DC kW of solar energy that will be accessible to the low-income families of those communities.

REAL Solar also works to assist low-income families to obtain solar. In 2021, REAL Solar completed a 7 kW install for a Habitat for Humanity home in Crosby, MN.

REAL Solar has also made efforts to educate various individuals and communities on the importance of solar and where they are able to access resources to assist in funding their own solar developments.

Recently, REAL Solar has been selected as 1 out of 5 contractors to participate in the Dept of Commerce Weatherization Assistance Program. This will commence in 2022.

The Board of Directors have reviewed and approved the enclosed Annual Benefit Report.
