Entities that own, lease, or have any financial interest in agricultural land or land capable of being farmed must regist with the MN Dept. of Agriculture's Corporate Farm Program. Does this entity own, lease, or have any financial interest in agricultural land or land capable of being farmed?

Print

We are pleased to present our second report since becoming a general benefit corporation in 2022.

We certify that

 the directors of Living Proof Advocacy, Inc., GBC (LPA) have chosen an independent third-party standard—the B Impact Assessment provided by B Labs, 15 Waterloo Ave., Berwyn, PA 19312 and has approved the report.

 the directors chose this third-party standard as it is well-known and respected. It is also the first step toward our goal of becoming a certified B-Corp.

With reference to that third-party standard, the corporation has pursued general public benefit in the follow ways, as stated in our articles:

 helping values-driven organizations and individuals harness the power of spoken first-person stories to drive positive change. We are dedicated to the success of advocates and organizations that promote the arts, communication, community, health and safety, environmentalism, equity, justice and anti-racism.

The extent to which and the ways in which the corporation has created general public benefit—featured in the attached Impact Report—include:

- increased the number of communities we served by more than a third
- delivering direct coaching services to more than 499 individual advocates
- certifying nine individuals in LPA coaching methods so they can use their skills to lift up the
 voices of rare disease patients and caregivers, and to support a range of health and racial equity
 initiatives in their home communities
- launched ALL VOICES, a free Professional Development Program for members of populations historically and currently underrepresented in the communications field
- supporting fie organizations through pro bono services and/or financial support in areas of the health and support for LGBTQIA+ communities
- a 75% increase in public benefit services and contributions overall.

No specific circumstances hindered our efforts to pursue or create general public benefit.
