Does this entity own, lease, or have any financial interest in agricultural land or land capable of being farmed?
 Yes No

Guardian School Security System Annual Report 2023

(In fulfillment MN Annual Benefit Report for Guardian School Security Systems, SBC)

March 25, 2024

As stated in Article 2 of Guardian School Systems, SBC Articles of Incorporation, the specific benefit purpose is to: **Develop technology-based systems for k-12 schools and library markets. This may also include pathogens detection systems and early warning communication systems.** This report includes descriptions of the following report requirements:

1. Ways that the corporations pursued and created the described purpose.
2. The extent to which these purposes were purchased and created.
3. The circumstances that hindered efforts to pursue or create the specific benefit purpose.

I. Ways the SBC was pursued in 2023

- a) We renewed our annual corporate registration under the Laws of Minnesota
 - b) We attended various Mn school district conferences and webinars and share our 1 min video proof of concept link with Mn school districts ,state and federal officials: <https://youtu.be/iFgVsdQDxN8?si=3J4PaJIdVyM7RhG0>
 - c) We increased our Demo for schools for schools district to review in Minnesota and in other states (Wisconsin, Florida, etc.).
1. Enhanced the demo system @ Deep Haven Elementary in Minnetonka School District and advanced the auto detection and alert system. See video link below.
https://youtu.be/PxYsVuod7u8?si=RJ_bvQZBu33Ad350
 2. We completed an demo system at Guardian headquarters in Minneapolis. See video link
https://youtu.be/PGIW5c_9OZI?si=IvlScrePTs6dSh9
 3. We installed a system in Milwaukee, WI at the Fiserv Forum for Wisconsin schools to witness.
 4. We installed a demo system in Florida Capital Building Congressional chambers to demonstrate to Florida legislators and department of education official in support of them passing funding for our system to be installed in Florida K-12 schools. See below link.
<https://youtu.be/ppDFjsfRmno?si=hAwXLL1K9h6R3WqN>

As each of the demo sites we successfully demo the advance capabilities of the system that can stop school shooting. This was done to several schools and public officials in Minnesota and abroad. This includes; SPPS, Minnetonka School District, MPS, Mn Congress persons (State and Federal) as well as that of the others states(New York, Maryland, North Carolina Florida, California, and etc.)

II. The extent to which the SBC purpose was pursued.

We established local and National partnerships to support our cause. This includes.

- A. Educational association in Minnesota (MASA) Texas (TASA), Associates of Education Service Agencies (AESAs) and others
- B. Local Minnesota partnership for counseling, funding and job creation includes:
 1. NEON – Northside Economy Opp Network
 - We participate in K-12 community engagement STEM workshop and panel discussion.
 2. MEDA- metropolitan economic development agency
 - Partnering for earmark to insert system in MN K-12 schools and create jobs in Minneapolis.

3. Summit Academy- for establishing a training curriculum to train and hire workers.
4. ION corporation – for contract manufacturing to help produce system to meet growing demand.
5. A marketing and funding partnership was established with Microsoft.

III. Circumstance that hinders the pursuit of purposes

- i. Employees: We need to hire and train additional personnel to work on the development of the security radar and installation.
- ii. Funds: The balance of \$2 million, although helped us to reach revenue, it was not enough to accelerate production.

IV. Conclusion: From March 2023 through March 2024 tremendous progress was made towards the purpose.

- i. More K-12 demos sites were scheduled, and success captured the attention of schools and public officials in target states.
- ii. Fundraising was successfully obtained of more than \$2 million.
- iii. More advanced technical development was made and all demo performed at test sites were successful.
- iv. Marketing and customer partnership are in progress.
- v. Technical team and consultant were added to the product development team.

V. We also created a Guardian public website: www.TheGuardianssss.com

Guardian School Security System SBC has successfully fulfilled the requirement of a specific benefit cooperation in 2023. We are actively moving forward in 2024 toward our mission of keeping k-12 students safe.
